JOINT COMMITTEE:

23 April 1997

To whom it may concern:

This is to verify that Michelle Henderson served as an intern in my office during the 1997 Legislative Session.

Michelle was quite personable and always pleasant in her dealings with visitors to and staff in the office. She was eager to attend committee meetings and Senate floor proceedings in an attempt to observe and learn about the legislative process. When given a specific assignment, Michelle pursued it with a positive attitude.

Sincerely,
